

# 2023 Alliance Sponsorship Opportunities

The Arizona Alliance for Community Health Centers (the Alliance) is the Primary Care Association for Arizona. We're a nonprofit member organization that represents Community Health Centers (CHCs) – Arizona's largest primary care network serving approximately 1 in 9 Arizonans and 1 in 5 Arizona Medicaid enrollees. There are close to 200 CHC locations across the state and over 7,800 FTE staff members. CHCs deliver comprehensive healthcare services that meet the needs of our communities, connecting people to quality care that gives everyone an equal opportunity to thrive.

The Alliance facilitates the vital work of CHCs by providing them with training, technical assistance, programmatic support, and advocacy. We offer many opportunities throughout the year for organizations to join us in making quality, affordable healthcare available to all by supporting some of our educational events. Through this support, we are impacting the lives of more Arizonans by expanding the delivery of integrated health services, especially in medically underserved communities and to underserved populations. Thank you in advance for considering a partnership with us!
